**URC**

2006

As a major research university, UNH provides all students with

the unique and valuable opportunity to conduct research during their undergraduate years.

Since its inception 7 years ago, the Undergraduate Research Conference (URC) has emerged as a defining event at the University of New Hampshire to recognize and celebrate student work.

We take pride in the efforts of our students and in the skill and dedication of the faculty who have guided them. These learning opportunities give students the skills they need to pursue graduate study and meaningful careers.

Join us in recognizing some of our most accomplished students as they share their work through oral and poster presentations.
